

Lecturer Ana Cristina DĂSCĂLESCU, PhD

Titu Maiorescu University

Email: cristina.dascalescu@prof.utm.ro

Computer Science Department

Văcărești Avenue 187, Bucharest, Romania

Phone: +40(21) 330 1083

EDUCATION

- PhD, Informatics, University of Pitesti, Faculty of Computer Science, 2012
Thesis: *Hybrid Encryption Systems based on One-dimensional Chaotic Maps*
Advisor: Professor PhD Horia Georgescu
- B.A., Informatics, University of Bucharest, Mathematics and Computer Science Department, 2001

RESEARCH EXPERIENCE

Doctoral research: Computer Science Department, University Of Pitesti, 2006-2011

- Study of complex behavior of chaotic discrete dynamical systems and their usage in cryptography
- Development of a new method to improve the cryptographic properties of a chaotic map based on the map compounding
- Development of new chaotic discrete dynamical systems suitable for cryptographic applications using topological conjugation and transcendental equations
- Development of a hybrid encryption scheme which is based on the proposed method

RESEARCH INTEREST

- Study of chaotic behavior of the discrete dynamical systems using Recurrence Quantification Analysis (RQA) with respect to cryptography
- Nonlinear analyses of time series acquired by measuring some natural phenomena

TEACHING EXPERINCE

- PhD Lecturer, Titu Maiorescu University, Computer Science Department, 2007- present
 - Undergraduate Courses: *Programming in C, Object Oriented Programming in C++, Java Programming, Design of Graphical User Interfaces*
 - Master courses: *Security of Electronic Documents*

- Associated Professor, The University of South – East Europe Lumina, Information Technology Department and Telecommunication Systems and Technologies Department, 2010 – present
 - Undergraduate Courses: *Computer Programming and Programming Languages (C)*, *Object Oriented Programming in C++*, *Advanced Programming Techniques (Java)*
- Lecturer, Dimitrie Cantemir University, Touristic and Commercial Management Department, 2003 – 2007
 - Undergraduate Courses: *Fundamentals of Computer Science*, *Databases Management Systems*, *Informatics Systems*, *Applied Mathematics in Economy*
 - Support ECDL courses (European Computer Driving License)
- Informatics Teacher, Tudor Vianu National College, 2003 – 2005
 - Courses: *Programming in C, C++ and Pascal Languages*, *Operating Systems*, *Web Design Technologies*

PROFESSIONAL MEMBERSHIPS AND ACTIVITIES

- Member in the Board of Computer Science Department, Titu Maiorescu University since 2008
- Member in the Teacher Training Department, Titu Maiorescu University since 2008
- Member in Quality Management Commission, Computer Science Department, Titu Maiorescu University since 2011
- Member in the Jury of International Competition InfoMatrix Challenge-seeking and highly talented programmers 2012
- Member in the Jury of National Competition InfoMatrix Challenge-seeking and highly talented programmers 2011 and 2013
- Coordinating Teacher for the Excellence Group in Programming 2003
- Coordinating Teacher for the Performance Group 2003

PUBLICATIONS AND CONFERENCES

RESEARCH PROJECT AND GRANTS

- *Mathematical methods and models for calculating the irreducible polynomials of degree higher than 256* - Project 75/2008 from Research and Development Sectoral Program for Military Technical and Technologies of the Ministry of Defense, Romania
- *Challenges in Cyber Security – from Paradigm to Implementation*, National Research, Development and Innovation Plan 2007-2013 (PN II), “Ideas” Program, Project Cod: PN-II-ID-SSA-2012-2-017, 2012
- *Centre for Information, Advice and Mentoring to Promote Entrepreneurial Culture*, Sectoral Operational Program Human Resources Development 2007-2013, Project Cod: POSDRU/92/3.1/S/57836, 2010-2012
- *Internships in Bucharest*, Sectoral Operational Program Human Resources Development 2007-2013, Project Cod: POSDRU/109/2.1/G/81566, 2012-2013
