## THE LOGOS OF TITU MAIORESCU FACULTIES

UNIVERSITATEA TITU MAIORESCU

CENTRU MEDICAL UNIVERSITAR  
REGINA MARIA PARTENER

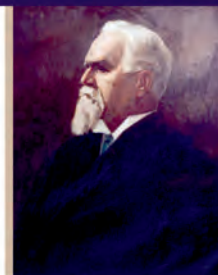

# TITU MAIORESCU UNIVERSITY

"A man should be understood as an element in progress. Let us not ask ourselves: what is someone? Let's ask ourselves: what does he become? Does he evolve, does he stagnate, does he downgrade?"

**Titu Maiorescu (1840–1917)**

- 20th September 1990 – TMU acquired juridical status, as a private higher education, non-profit institution;
- 23<sup>rd</sup> April– by Law no.239, published in Romanian Official Gazette, First Part, no. 291, of 30th April 2002, the University became juridical institution, of private law and public utility, part of National System of Education
- Currently, the University includes 10 faculties: Law; Psychology; Finance; Banking; Accounting and Business Administration; Medicine; Dental Medicine; Pharmacy; Informatics; Social, Political and Humanistic Sciences; Law and Economic Sciences, Tg. Jiu; Nursing, Tg. Jiu and carries on 21 bachelor's degree studies (full time&distance learning) and 25 MA studies.
- Within the University, two Doctoral Schools carry out their activities: Law and Dental Medicine.
- The university organizes admittance exams: during the university year 2016–2017 more than 8000 students were enlisted. So far, over 33.000 students have graduated from this university more than 10.000 graduates have continued their studies, attending MA programs and over 100 graduates with a PHD.
- The University also hosts the Institute of Studies, Research, Development and Innovation and "Acad. Nicolae Cajal" Medical Research Institute, which have intense scientific research activities in all its 9 interdisciplinary centers.
- The University carries on financed European projects POSDRU/PODCA
- The didactical and scientific research activities are carried out by highly qualified teachers, prominent figures of scientific public life, members of the Romanian Academy, Academy of Romanian Scientists and Medical Science Academy.
- The University carries on, following a profession of faith: MODERN AND PROFICIENT, and a motto with a profound reasoning in Titu Maiorescu academic reality: EDUCATION OF HIGH QUALITY, THE SECRET OF YOUR SUCCESS
- Cutting edge educational facilities – Aula Magna, study halls, course and seminar classrooms, amphitheatres, specialized labs,
- State of art medical equipments, IT network, video-conference equipments, intelligent whiteboards.
- The full package of social services offered to the students comprises:
  - Students campus;
  - Canteen–restaurant;
  - Student club;
  - Medical assistance centers;
  - Copy center;
  - Gym;
  - Wi-fi in all UTM spaces.

## THE UNIVERSITY LOGO

In 25 years, Titu Maiorescu University has built up the status of a Higher Education Institution, which generates advanced knowledge, promoting excellence and performance, through its bachelor's, master and doctoral studies. Its institutional identity is symbolically concentrated in the University logo, which expresses graphically and chromatically the assumed values and mission, dynamism and professionalism. Structurally, it is a combined logo, made up of the Logotype and the Symbol Graphic. The key element is represented by a stylized pen, as a symbol of education, study, research, creativity and innovation. It is framed by a circle, symbolizing perfection and featuring the symbolic space of knowledge, the aspiration towards perfection.

The chromatics of the logo is bicolor – golden and dark blue. The dark blue expresses loyalty, harmony, enthusiasm to everything that is elated, serious, true, tolerant and free.

The golden – the color of sun and light, symbolizes love for knowledge, energy, vitality, perseverance and determination.

## THE UNIVERSITY FLAG

Titu Maiorescu University flag shows in its center the logo against a light blue background.

Distinctive symbol of an university heraldic characteristics, the flag symbolizes entity, identity, protection, fidelity, determination, expressing the elevation of the spirit, the aspiration towards progress, new horizons within the universal spiritual values.

## CEREMONIAL MEDAL

Known as “the universal man”, Titu Maiorescu was a great architect of his time, the founder of modern Romania, who revealed the identity and spirituality of this people within the European culture and civilization.

## THE “25 YEARS” JUBILIAR MEDAL

Titu Maiorescu University celebrates 25 years of existence within the space of the European and Romanian Education

At the intersection of “to be”, to know” and “to do”, the education system promoted by Titu Maiorescu University has managed to build up a pragmatic strategy of combining these three dimensions, focused on the student's interests

With the same determination with which Titu Maiorescu presented his innovative mission to discover and to improve every youngsters' potential, the University which chose to bear his name, opened their gates 25 years ago, guided by a new vision on higher education – a modern vision opened to fundamental specializations but also to new study programs, generated by the progress of society, economy and knowledge.

# TITU MAIORESCU

## A UNIVERSITY OF CREATIVITY AND INNOVATION FOR EUROPEAN KNOWLEDGE

Founded 25 years ago, TITU MAIORESCU UNIVERSITY, an integral part of the National System of Higher Education, has constantly improved, imposing itself as one of the most prestigious Romanian higher education institutions, teaching generations of students and ensuring them a professional career in the fields of law, economic studies, psychology, medicine,

dental medicine, informatics, and, more recently, political sciences, communication strategies, international relations, applied modern languages, and, recently, pharmacy.

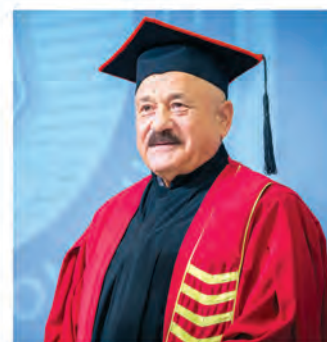

We may proudly state that the high reputation of Titu Maiorescu has gained, resides in the very quality of studies and programs organized and carried out within the university, thus, imposing to the public consciousness a brand synonym to efficiency, creativity, quality and performance.

**Prof. Smaranda ANGHENI, PhD**  
Rector

Following the Bolognese model of classic university, which consists of quality and performance in education through exigency and academic rigor, Titu Maiorescu University is nowadays an European far-reaching institution of vocation, recognized as such in the Romanian and European higher education environment.

The University provides a modern educational system of high quality, proficiency, competitiveness, pragmatism, directly related to the economic environment and labor market, aiming at excellence in scientific research. It is a major process which asks for a huge stake, considering the global competition.

A priority of utter significance of our management vision is represented by the University becoming an institution of creativity and innovation for an Europe of knowledge.

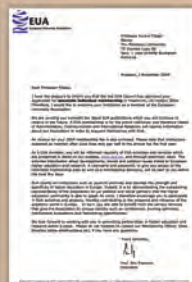

**Prof. Iosif R. URS, PhD**  
The President of the University  
The Chairman of the Board

The **Romanian Agency of Quality Ensurance in Higher Education** granted TMU with a high level degree of trust—the highest degree grantable to Romanian Universities.

The University is a member of the **European Universities Association (EUA)**, the most important organisation of higher education institutions in Europe, member of the **International Association of Universities (IAU)** and also member of the **European Association of ERASMUS Coordinators. (EAEC)**.

TMU is the only private university in the country invited to attend the European program „MATRA”, which aims at developing national strategies to ensure quality in higher education.

# FACULTY OF LAW

## BUCHAREST

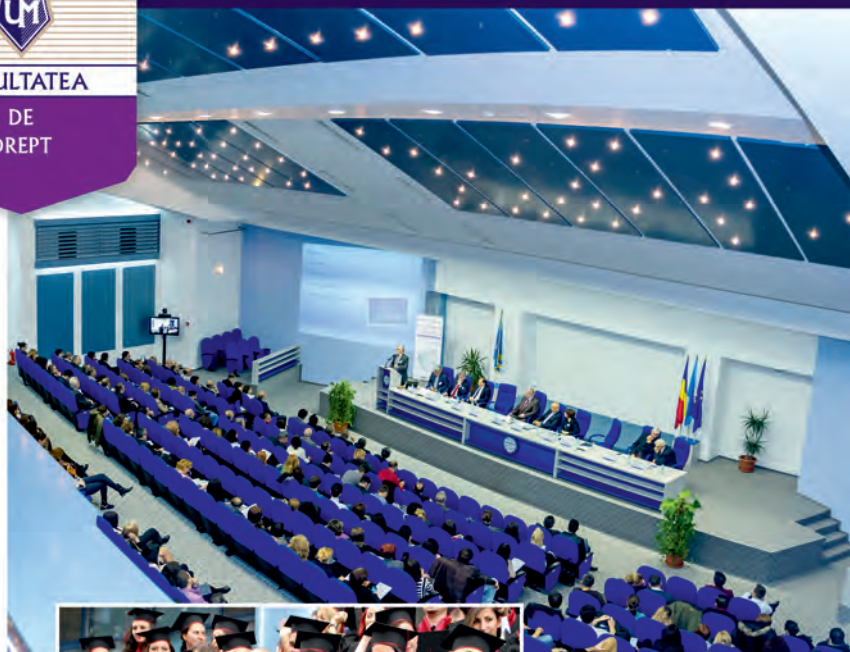

**Dean:** Assoc.Prof. Gabriel Liviu ISPAS, PhD

The calling for good and truth will not disappear as long as there are legal university communities, as long as competent and honest people have the will to work properly, to contribute to the social good.

Romanian University world resembles the society: appropriate studies, performance, but also imposture and self-sufficiency. Therefore, each and everyone has the right to choose one way. And our mission is to fight against the empty brands, to denounce imposture and to shape up strong characters. The teachers, the interns, the magistrates, the notaries, different personalities of legal life try to train responsible generations that we later offer to the society. At all study programs, be it the Bachelor's program, the seven MA programs, or the 9 doctoral fields, the students meet the best teachers, who teach them high standard theoretical knowledge, attitudes and behavior.

And every effort pays off. Each year, our graduates are accepted in the magistracy, the bar, the notary's office, or become jurists in many important companies. As the dean of this faculty, I feel very pleased when I encounter a colleague to whose education we have had contributed!

Performance and responsibility! These are the objectives that guide our activities!

# FACULTY OF PSYCHOLOGY

**Dean: Prof. Viorel Iulian TANASE, PhD**

The knowledge of the world begins with the act of knowing oneself and the other. The Faculty of Psychology shows you the way.

The object of psychology is the study of human organism who, at the substance, information and energy level, is one of the most proficient system, therefore, I believe that the results of the psychological researchers could pay off in different adjacent fields– logics, cybernetics, the theory of information, bionics, robotics, the management of knowledge, legal cybernetics etc.

The main objective of the Faculty of Psychology is that of training specialists in the field of psychology who might impose an axiological system in accordance with the paradigmatic frame of current challenges at the technological, political and social level.

The graduates of our faculty use the scientific results in the field of psychology and of adjacent ones, applying them in the study of the human organism and, that is why we can call them the architects of the spirit in a dynamic, complex, integrated world.

**Dean: Prof. Daniel COCHIOR, PhD**

The Faculty of Medicine was founded in 1991 and ever since it has developed as an authentic medical school training thousands of medical doctors. Moreover, the faculty is involved in numerous scientific studies, ensuring a high level of medical assistance within more than 20 clinical hospitals. Many graduates currently hold important positions both in Romanian and international top hospitals and at the helm of some of the most important Romanian medical institutions, within CNAS, of certain government structures or in international companies within the pharmaceutical environment.

We consider the assimilation of modern educational methods of high importance, with the view of achieving a partnership between the students and the teaching staff, so that the transfer of knowledge might be as efficient as possible and our students might have high professional competences in order to best meet the current labour market demands. The infrastructure, the high standard equipment, the partnerships with famous universities abroad and the high quality of the teaching staff are just some of the main advantages of being a student at our faculty.

We welcome you to be part of our team which prepares only winners for both medical profession and life.

## STUDY PROGRAMS

The faculty of Medicine offers Bachelor's degree studies in Medicine and General Medical Assistance.

### CYCLE I - BACHELOR'S DEGREE STUDIES

- Medicine (in Romanian language), 6 years, 360 transferrable credits, full time, accredited program.
- Medicine (in English language), 6 years, 360 transferrable credits, full time, temporarily authorised program.
- Nursing, 4 years, 240 transferrable credits, full time, accredited program.

### CYCLE III – DOCTORAL STUDIES, in the fields:

- General Surgery.
- Cellular Biology and Proteomics.

# THE FACULTY OF DENTAL MEDICINE

Dean: Assoc. Prof. Horia Mihail BARBU

The faculty of Dental Medicine within Titu Maiorescu University was founded in 1990, with the objective of carrying out activities specific to the higher education and scientific research, as an alternative to the medical state higher education.

Within Titu Maiorescu University, a Private Clinical Centre of Dental Medical Assistance Titu Maiorescu functions, equipped with modern labs, where students can carry out their practical activities.

Moreover, students can opt for taking their internship here, under careful supervision of our teaching staff. Through the partnerships made with famous universities abroad, Titu Maiorescu University comes to meet the students' needs with ERASMUS study/practice programs, thus contributing to the individual development of each young student.

- Due to the quality of the academic activities and of the high standards of the university staff performances, Titu Maiorescu University extended its academic programs with PhD studies, the higher degree cycle of studies whose final objective is to enhance the human resource competences in carrying out scientific researches, and their abilities to enter the highest standard labor market.
- Titu Maiorescu University is among the fewest Romanian private educational institutions to be entitled to organize doctoral studies. Within IOSUD, three doctoral schools carry out their post graduate activities: the Doctoral School in the field of Law and the Doctoral School in the field of Dental Medicine and in the field of Medicine.
- IOSUD "Titu Maiorescu" is run by The Council for Doctoral studies (CSUD), which comprises 9 members whose attributions are to provide strategies and institutional regulations and codes of practice within the doctoral programs.

# CENTER FOR PSYCHOLOGIC CONSULTANCY AND CAREER GUIDANCE

This center offers TMU's BA and MA students counseling with the view of broadening options in finding a job after graduation. The career facilitators within the center support them in the process of self-awareness, in identifying their strengths, weaknesses and those aspects which need improvement and in planning their career after graduation.

CPCCG organizes programs during which students can develop and practice abilities and competences required to enter and integrate in the labor market: drawing up a hiring portfolio, simulating interviews, presentation abilities, time management, strategies of qualification: career facilitator, project manager, trainer, human resources inspector, human resources manager.

In order to facilitate a direct link to potential employers, job fairs are annually organized within the University where many companies are presented, where important meetings with professionals coming from different fields of activity take place attempting thus to ensure a high updated level of information among students.

- The centre offers articles issued by different European Union institutions which are circulated through the Office for Official Publications of European Communities in Luxemburg.
- The center promotes and carries out studies and researches in the field of European integration and puts at the public disposal pieces of information regarding the European Union, all together with other services and networks of European information.
- The center processes, archives and gives an index to all the community publications received in a unique collection.
- These publications are available and can be consulted at the headquarters of the center or on their own internet homepage.

## INTERNATIONAL RELATIONS DEPARTMENT

# Erasmus+

The University has ERASMUS+ bilateral agreements with 45 universities, among which: Université d'Orléans (France), Université Paris Est Créteil – Paris 12 (France), Université Paris VII (France), Université Paris XIII (France), Université de Poitiers (France), Institut National Polytechnique de Toulouse (France), Telecom Ecole de Management (France), Kadir Has Üniversitesi (Turkey), Universidade da Coruña (Spain), Universidad de la Laguna (Spain), Università degli Studi di Verona (Italy), Sapienza Università di Roma (Italy), Instituto Politécnico do Cavado E Do Ave (Portugal), Baltic International Academy (Latvia), Higher School of Kielce (Poland), Jesuit University Ignatianum Krakow (Poland), University of Southern Denmark (Denmark), Technische Universität Dresden (Germany).

As part of this program, scholarships were granted to 350 students and about 100 teachers. Since the academic year 2016–2017, the University has developed mobility as part of Erasmus + even outside the EU, namely in China and Israel.

The University has concluded 13 non-ERASMUS bilateral agreements with universities from Europe and outside Europe, agreements targeting education and scientific research.

Since May 2014 Titu Maiorescu University has been an associate member of the Francophone University Agency.

# INTERNATIONAL RELATIONS DEPARTMENT

## PHRANCOPHONE AGENCY

Since May 2014, Titu Maiorescu University has been an associate member of the Phrancophone University Agency.

So far, the Phrancophone University Agency has set up a network of over 770 institutions in 98 countries.

Achieving the status of member of the Phrancophone University Agency represents a recognition at the international level of the activity carried out by our University, within the partnerships set up with certain universities in France.

These partnerships' objectives aim to organize students and teaching staff mobilities. For instance: the MA's program European and International Law, with double degree, Romanian and French, in partnership with L'Université d'Orléans, France; the PhD's program in cooperation with University of Paris 12, France; scientific research activities within Poitiers research centre, L'Université d'Orléans, France and GIPSA LAB, Grenoble.

### FOREIGN STUDENTS

Enrolling foreign students to our programs represents an important component for the visibility and transparency of the higher education system quality promoted by Titu Maiorescu University. Annually, Titu Maiorescu University enrolls on average 100 EU and non-EU foreign students, at all departments.

## CAFETERIA

Commissioned in January 2012, the canteen– restaurant housed by TMU has a floor space of 500 meters, on average and can host 200 persons. Each meal taken at the canteen–restaurant is a feast for each and every student, offering a large variety of preparations at very attainable prices. The students can draw up his or her own menu, according to the budget or preferences.

The canteen is open from Monday to Friday between 11 and 17.

Within the canteen, other festive activities can be also held.

The café and the club welcome the students during the breaks between classes with such a cozy atmosphere that it will make you think you are out with friends.

In a refined and friendly ambient, hosting up to 100 persons, the University Students club is a place to spend one's free time but also a host of different debates and conferences on student's life issues. You can drink coffee, soft drinks, or eat pastry, ice cream etc.

- It is open from Monday to Friday between 8–20.
- Wi-Fi

## THE STUDENTS CAMPUS

**Titu Maiorescu University campus** offers the highest standards in the country. Commissioned in 2011 and 2015, the two student hostels have over 500 rooms, in condos and apartments, fully furnished and equipped (electric kitchen range, fridge, hood, TV-set, TV-cable, wireless etc) .

All the accommodation costs and overheads (hot, cold water, heating, wireless, TV cable) are included in the monthly fee (120–160 euro).

Security service is available around a clock and there is a free parking lot. At the ground floor there is a study hall, laundry and a food shop.

The access towards public transportation: subway, tram, bus can be done in a minute, and the university is within 3 minute walking distance.
