➤ Copies of study documents issued by the authorities of the European Union, EEA and Swiss Confederation Member States (with the exception of Greece, Italy, Spain, Portugal and Cyprus) must be certified by the competent authorities of the issuing countries. The Hague Apostille is not required.

➤ Study documents issued in Greece, Italy, Spain, Portugal and Cyprus must be endorsed with the Hague Apostille.

➤ The certification of study documents with the Hague Apostille is carried out as follows: the ORIGINAL document (high school diploma or school leaving certificate) is apostilled and a translation of the original document is notarized / apostilled. If the study documents are written in languages other than Romanian, English or French, their translations must be notarised.

➤ For States which are parties to the Hague Apostille Convention, study documents subject to equivalence / recognition and birth certificates must be endorsed with the Hague Apostille by the competent authorities of the issuing countries.

➤ For States which are not party to the Hague Apostille Convention, diplomas must be subject to consular legalization. Consular legalization implies that the documents are endorsed as follows:

- by the Ministry of Foreign Affairs of the country that issued the diploma, the Romanian Embassy/Consulate in the respective country and the Romanian Ministry of Foreign Affairs.

Or

- by the Ministry of Foreign Affairs of the issuing country, the Embassy / Consulate of the respective country in Romania and the Ministry of Foreign Affairs of Romania

➤ For countries where there are no diplomatic representations of Romania, the study documents must be endorsed by the Ministry of Education and the Ministry of Foreign Affairs of the issuing country.

➤ Exemption from consular legalisation is allowed by law, by an international treaty to which Romania is a party or on a reciprocal basis.
